SYNTHETIC EVALUATION FIXTURE - NOT A REAL DOCUMENT

Synthetic Tide-Log Register (Multi-Page)

Year	Port	Mean range (metres)	Max gust (knots)
1996	Hale	2.41	29 knots
1997	Hale	2.55	27 knots
1998	Hale	2.63	30 knots

Rows for the years 1999 and 2000 continue on page 2 of this synthetic register.

Each page repeats the table header row so every chunk carries the column names.

Synthetic Tide-Log Register (Multi-Page) (continued from page 1)

Year	Port	Mean range (metres)	Max gust (knots)
1999	Hale	2.71	33 knots
2000	Hale	2.84	35 knots

The tide-log register records a mean range of 2.84 metres for Hale in the year 2000.

End of the synthetic tide-log register fixture; the 2000 row above is the only evidence for that year.
